# HUSSAIN ANDHERIWALA

## FULL STACK DEVELOPER

**Driven Full-Stack Developer delivering scalable web solutions and expert database administration.**

## 👤 Profile Summary

A skilled .NET Full-Stack Developer with 1.5 years of experience in building dynamic, responsive web applications and robust backend solutions. Proficient in both **front-end and back-end development, with a specialized focus on database administration**, leveraging MySQL and MSSQL to design, optimize, and **manage complex databases** for scalable and secure applications.

- **Full-Stack Development Expertise:** Extensive experience in building web applications using **HTML, CSS, JavaScript, Angular, and .NET frameworks.** Developed user-centric interfaces and integrated back-end services, ensuring high performance, responsiveness, and security.
- **Database Administration:** Demonstrated hands-on proficiency in managing databases using **MySQL and MSSQL**. Skilled in query optimization, data modeling, indexing, backup, recovery processes, and ensuring data integrity for business-critical applications.
- **Backend Integration & Automation:** Proficient in automating database-related operations and developing APIs for seamless integration with front-end applications.
- **Performance Optimization:** Adept at identifying and resolving performance bottlenecks in applications and databases, **enhancing query execution times**, and ensuring efficient resource utilization for optimal application functioning.
- **Data Migration & Security**: Expertise in handling large-scale data migrations, database security practices, and implementing strategies for data encryption and access control to safeguard sensitive information.
- **Collaborative Development:** Experience in working closely with cross-functional teams and business stakeholders to understand requirements, **develop technical solutions**, and deliver high-quality software aligned with business objectives.
- Tools & Technologies: Strong foundation in using tools like **Visual Studio, Git, SQL Server Management Studio.** Expertise in database technologies like MySQL, MSSQL, and proficiency in working with **front-end libraries like Bootstrap and Angular**.
- Continuous Learning: Dedicated to **staying updated with the latest advancements** in .NET development, **database management, and web technologies**, ensuring the delivery of innovative and modern solutions that meet evolving industry standards.

I am confident that my strong foundation in full-stack development, coupled with my database administration skills, can contribute significantly to your organization's technical initiatives.

## 🎓 EDUCATION

- **Brihan Maharashtra College of Commerce**

*Bachelor's Degree in Computer Application*

*2021-2023*

## 🏅 CERTIFICATIONS

- **DOT NET FULL STACK DEVELOPMENT**
CIIT INSTITUTE,PUNE.

- **FOUNDATION OF POSTGRES ADMINISTRATION Vl3**
EDB TRAINING, PUNE

- **AWS SOLUTION ARCHITECT- ASSOCIATE**
3RI TECHNOLOGIES, PUNE

## SKILLS

**FRONT-END** :

- JavaScript
- jQuery
- Ajax
- React JS
- Bootstrap
- ANGULAR

**BACK-END** :

- C#
- ASP.NET MVC
- ASP.NET CORE
- ENTITY FRAMEWORK
- WEB API

**DATABASE** :

- SQL
- MS-SQL
- PL-SQL
- POSTGRES

## SOFT SKILLS

- Negotiation & Conflict Management
- Visionary & Decision Making
- Good Listener & Communicator
- Team Building & Interpersonal Skills
- Leadership & Delegation

# Work Experience

- **Feb 2024- Aug 2024**

## SQUARECLUES I PUNE

## FULL STACK DEVELOPER

- Developed front-end solutions that were visually appealing and responsive, while prioritizing user-centric design principles.

- Demonstrated proficiency in HTML, CSS,JavaScript and Angular through successful completion of multiple front- end projects.
